Walnut Case — Quote Drawing v0.1

Forest Guardian / DialCanvas Desk Edition | REFERENCE ENVELOPE, SUBJECT TO CHANGE | ESTIMATE ONLY — NOT FOR FABRICATION

QUOTATION ONLY

Joinery and retainers: maker proposal

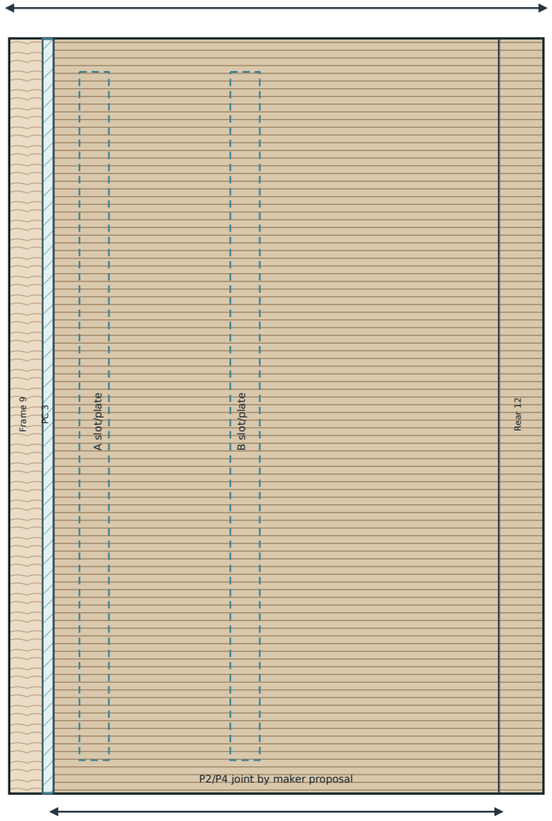

A FRONT ELEVATION (outside)

P1: solid walnut, 9 thick; outer 270×205; opening 246×181.

Basic straight frame only. Curve/edge treatment is optional quote work; old concept image is not a cut template.

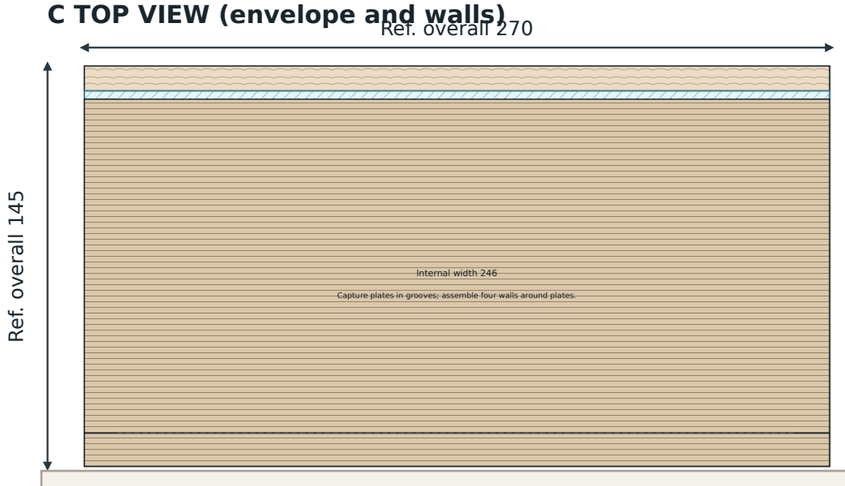

B SIDE VIEW (internal parts schematic)

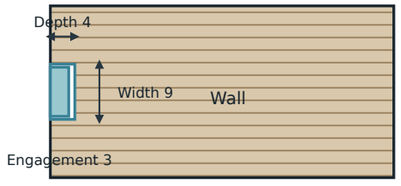

Front to back: walnut frame 9 + PC 3 + body 121 + rear cover 12 = 145

Grooves from front face: A 18.5–27.5, B 59.5–68.5 (9 wide)

C TOP VIEW (envelope and walls)

D SUPPORT SLOT SECTION (schematic)

Clear PC plate: 8 thick

Slot: 9 wide × 4 deep

PET shim after fit test

Clear opening 246×181

Support plates: 2 × 252×187×8

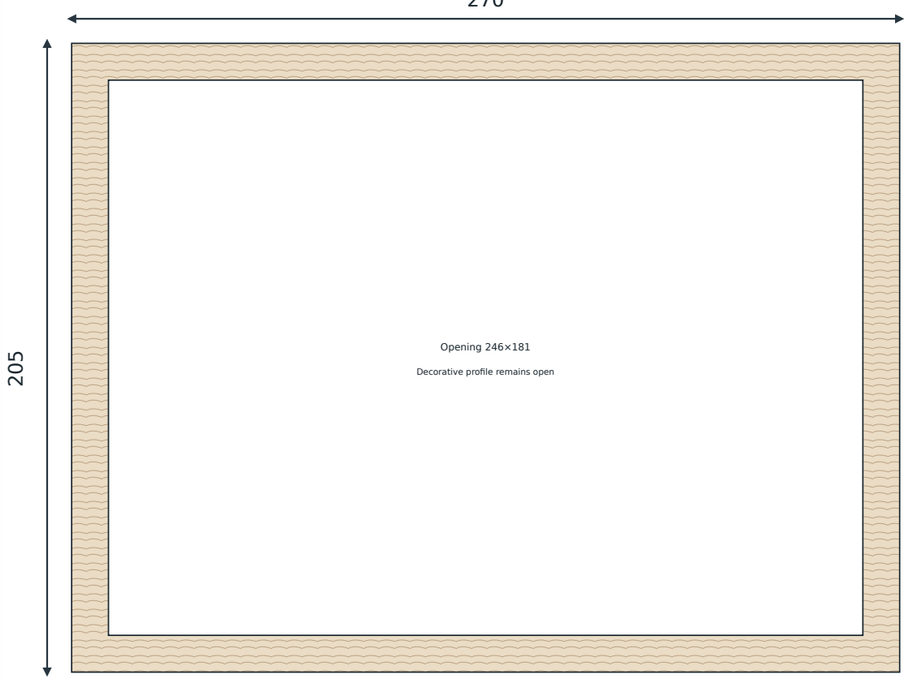

Plate engagement in each wall: 3mm

OPEN: corner joints, removable retainers, walnut grade/finish, cable opening, ornament. Ask maker to quote and propose.

Walnut Case — Quote Parts v0.1

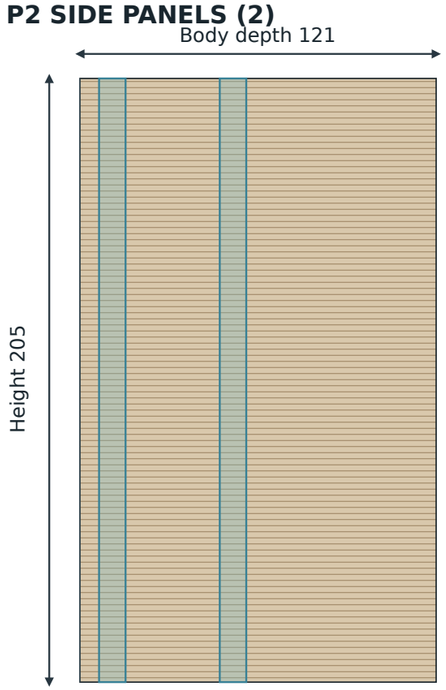

REFERENCE ENVELOPE ONLY — SUBJECT TO COMPONENT/CABLE INTEGRATION; NOT FROZEN FOR FABRICATION.

P1 FRONT FRAME (1 pc, solid walnut)

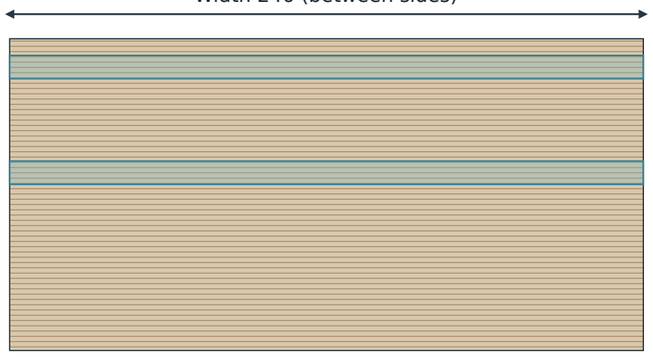

9 thick; outer 270×205; edge treatment open.
Opening 246×181; 12mm border.
Approve final CAD contour and ornament after estimate.

P2 SIDE PANELS (2)

12 thick; full side panels.
Two inside grooves: 4 deep × 9 wide.
From body front / guard inner face:
A 6.5–15.5; B 47.5–56.5.
Grooves: 4 deep × 9 wide.

P3 TOP/BOTTOM PANELS (1 each)

12 thick × 121 deep; grooves match P2 axial positions.
Assemble four walls around support plates; maker to propose corner joints.

P4 REAR COVER (1 pc)

12 thick; covers rear face and is included in overall depth 145.

PARTS SCHEDULE (one unit)

No.	Qty	Material / dimensions (mm)
P1	1	Solid walnut 270×205×9; opening 246×181
P2	2	Walnut-veneer ply 205×121×12
P3	2	Walnut-veneer ply 246×121×12
P4	1	Walnut-veneer ply 270×205×12
G1	2	PC support 252×187×8
G2	1	Clear PC guard 270×205×3; outline to match P1
—	—	PET shim: select after fit test

QUOTE ITEMS TO PRICE

- P1 opening; optional curved front profile
- Two 9×4 slots in P2/P3
- Corner joints and plate assembly order
- Removable P4, front frame and guard retention
- Walnut grade, grain, finish options/cost
- One walnut groove coupon 30×20×12
- Itemized machining, material, shipping, lead time

DIMENSION BASIS

Envelope: 270×205×145 (reference)

Depth stack: P1 9 + G2 3 + body 121

+ P4 12 = overall depth 145

Internal volume: 246×181×121

G1 engagement: 3mm per side

OPEN / QUOTE NOTES

Slot fit, retainers, finish and walnut grade

Confirm final curves after estimate and sample tests.

Do not start fabrication from this drawing.
